This map displays nearby coal mine entrances and their classifications.

Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

Maps

Conservation Areas

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

Maps

Council Wards

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

Nearby Council Wards

1	Macclesfield Central Ward
2	Macclesfield South Ward
3	Macclesfield West and Ivy Ward
4	Broken Cross and Upton Ward

6	Macclesfield Hurdfield Ward
7	Macclesfield East Ward
8	Bollington Ward
9	Gawsworth Ward
10	Prestbury Ward

This map displays the noise levels from nearby network rail and HS1 railway routes that affect this property...

Rail Noise Data

This data indicates the level of noise according to the strategic noise mapping of rail sources within areas with a population of at least 100,000 people (agglomerations) and along Network Rail and HS1 traffic routes.

The data indicates the annual average noise levels for the 16-hour period between 0700 - 2300.

Noise levels are modelled on a 10m grid at a receptor height of 4m above ground, polygons are then produced by merging neighbouring cells within the following noise classes:

5		75.0+ dB	
4		70.0-74.9 dB	
3		65.0-69.9 dB	
2		60.0-64.9 dB	
1		55.0-59.9 dB	

Flood Risk

Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

Chance of flooding to the following depths at this property:

Flood Risk

Rivers & Seas - Climate Change

This map shows the future chance of flooding from rivers and / or the sea **between 2036 and 2069**, taking into account flood defences and their condition. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: **Very low**

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

Local Area Masts & Pylons

Key:

-  Power Pylons
-  Communication Masts

What is Radon?

Radon is a natural radioactive gas, which enters buildings from the ground. Exposure to high concentrations increases the risk of lung cancer. The UK Health Security Agency (UKHSA) recommends that radon levels should be reduced in homes where the annual average is at or above 200 becquerels per cubic metre (200 Bq/m3).

Local Area Road Noise

The data indicates the level of noise according to strategic noise sources across all traffic routes. This indicates a 25 house annual average noise level with separate weightings for the evening and the night periods.

- 75.0+ dB
- 70.0-74.9 dB
- 65.0-69.9 dB
- 60.0-64.9 dB
- 55.0-59.9 dB

The Agency UK

Over the last 20 years, Rightmove and Zoopla became everyone's go-to for finding their dream homes, so we've been conditioned to think that they're the only homes on offer!

However, your dream home could be coming to market just around the corner; they just haven't yet hit the internet or put a For Sale board up. So, here at The Agency UK, we want to speak with as many buyers as possible because although you may not see your dream home available today, chances are we know a seller who is looking to move.

Testimonial 1

Richard was brilliant with the whole experience - from negotiating the price right through to exchange. He kept me in the loop with where we were at all times and went out of his way to update me when other agents had finished for the day and at the weekends - would definitely recommend.

Testimonial 2

Dan and Katrina were absolutely excellent. As first time buyers, we were complete novices but Dan, from the offset, was helpful, efficient and supportive. Dan and Katrina were always quick to reply to our many emails and messages and offered sound advice. You often hear that estate agents will be on the side of the seller, but definitely not the case here. Dan was always fair and quick to try to assist us in anyway he could.

Testimonial 3

The agency UK is a remarkable company they are efficient, reliable and trustworthy. we acquired our first property through them they have been there for us from start to finish.

Testimonial 4

Tom Bailey was amazing to work with! He was always there to answer our questions and made everything so much easier. He really cared about helping us get over the line with our purchase. I couldn't recommend Tom more if you need a friendly and reliable estate agent.
